Internship Offer Letter

Student Name : Aditya Ranjan Kumar
Stream : B.Tech
Branch : B.Tech(Computer Science and Engineering (Cyber Security))
Institute Name : IILM University, Greater Noida
Internship Domain : Professional UI/UX Design & Web Prototyping
Internship Duration : April 2026 - June 2026
AICTE Student ID : STU66481842aa0c31716000834

We are pleased to inform you that you have been selected for the 8-Week **AICTE – EduSkills Virtual Internship Program**.

During this internship, you will learn and demonstrate industry-relevant skills that will enhance your employability and strengthen your confidence in the subject area.

The program is designed to provide structured learning combined with practical exposure.

Internship Structure & Evaluation:

- The internship will follow a **week-wise structured learning plan**.
- You will be required to complete **weekly assessments** to track your progress and understanding.
- Certain modules will require submission of **project documentation and assignments**.
- In the final week, you must appear for a **Final Assessment Test**.
- The final grade will be based on your overall performance, including weekly assessments, project submissions, and the final test.

Upon successful completion of all required steps and assessments, you will be awarded a **Virtual Internship Certificate**.

Please note that this offer letter will be considered valid only after the successful completion of the internship program and fulfillment of all assessment requirements, including obtaining the final completion certificate. Without the final completion certificate, this offer letter shall not be treated as a valid document for any official purpose.

The week wise Structure of the Internship is as Follows:

Week	Module	Description
Week 1	UI/UX Foundations & Visual Design	Introduction to UI/UX concepts, design thinking, typography, color theory, and layout principles.
Week 2	Figma & User Research	Learning Figma fundamentals along with user research techniques and empathy-driven design decisions.
Week 3	Information Architecture & Wireframing	Structuring content, designing user flows, and creating wireframes to plan digital product layouts.
Week 4	UI Design & Prototyping	Transform wireframes into polished interfaces and build interactive prototypes.
Week 5	Usability Testing & Design Systems	Conduct usability testing and build scalable component libraries and design systems.
Week 6	Accessibility & Advanced Figma	Design inclusive experiences and master advanced Figma workflows and productivity features.
Week 7	Portfolio & Career Preparation	Build a professional UI/UX portfolio and understand industry workflows and career paths.
Week 8	Animation & Advanced Visual Branding & capston project	Learn microinteractions, UI animations, branding principles, and advanced visual design techniques.
Internship Grade Point Assessment		

Note: There is no stipend associated with this internship.

We congratulate you on your selection and wish you a successful learning journey.
